

Early Americans Frowned On Christmas

By DENNIS
MONTGOMERY

Associated Press Writer.
In rustic English the straitlaced Puritans of the Massachusetts Bay Colony solemnly outlawed that most notorious of sacrilegious celebrations, Christmas.

"For preventing disorders arising in severall places within this jurisdiction, by reason of some still observing such festivals as were superstitiously kept in other countries, to the great dishonor of God & offence of others," the General Court statute of 1639 read. "It is therefore ordered by this court and the authority thereof, that whosoever shall be found observing any such day as Christmas or the like, either by forbearing labour, feasting or any other way . . . every such person so offending shall pay for every such offence five shillings . . ."

OUTLAWED in England from 1647 to 1660 under Oliver Cromwell, Christmas found no refuge in New England. Gov. William Bedford wrote of the Pilgrims' first American Christmas in 1620: "Monday, the 25th day we went on shore, some to fell timber, some to saw, some to rive and some to carry; so no man rested all that day."

Spying some children at play on Christmas in 1621, Bedford confiscated their toys and turned them in to their parents.

Nevertheless, the first Christmas celebrated in the New World by English colonists, near Jamestown in Virginia in 1607, had been more relaxed. Captain John Smith, leader of the band of Anglican settlers, wrote:

Bicentennial ★ Special ★

"The extreme winds, rayne, frost and snow caused us to keep Christmas among the savages where we were never more merry nor frolie nor more plenty of good meats, fish, fowl, wild fowle, and good bread nor ever had better fires in England."

COLONIAL Puritans, Baptists, Quakers and Presbyterians, finding no scriptural sanction of Christmas but plenty of pagan precedent in the December astronomical of Rome, steadfastly opposed its observance.

Though the Massachusetts ban was repealed in 1821, the day was not freely observed in New England, save at an Anglican sanctuary in Rhode Island, until 1784.

Roman Catholics, Lutherans, Germans and Dutch dissenters and the Anglican settlers of the Middle and Southern colonies were rather less concerned with the taint of ancient heathenism.

In the South, particularly, the season was celebrated as a two-week affair — the 12 days of Christmas — marked by the feasting of markets and common feasting, visiting, weddings, card playing, dancing, fire, fiddling, gossip and a Puritan reserved, "such like fooleries."

"**NOTHING** is now to be heard of in conversation," a Virginia diarist noted in 1772, "but the balls, the routs, the fine entertainments and the good fellowship which

are to be exhibited at the approaching Christmas."

In Williamsburg, there was the "great illumination." A militia fire and drum corps dipped torches in a community bonfire and marched house to house commanding the master to light candles in his windows.

Indoors on the greening board — a table named for the noise it made under its burden — there were baked ham, bacon, peamed swiss, chestnuts, scalloped oysters, turkey, roast beef, game and mince pies, spoon bread, sweet potatoes, plum pudding, fruit cake, dark beer, Madeira and mulled cider.

COUNTRY gentry gathered at a prominent man's home, generally a relative, for an equally extravagant and extended feast. It was at one of these that a soldier, fiddler named Patrick Henry and a young student named Thomas Jefferson met Christmas Eve celebrating the season in 1776. George Washington took a wife on the 12th day. Jefferson did the same in 1772.

North or South there

was little gift-giving. Servants might have the day off and a small gift the next day. Children expected a gift or two and the poor were fed. There were yule logs, but apart from mistletoe balls, probably few decorations.

From the Middle Colonies came many of the traditions of our modern Christmas, including Christmas trees and Santa Claus. The Dutch of New Amsterdam gave the season semilegal sanction in 1654 by reversing Manhattan's government for three weeks. It wasn't until 1804 in Georgia that the holiday attained legal status.

The Dutch of New Amsterdam gave the season semilegal sanction in 1654 by reversing Manhattan's government for three weeks. It wasn't until 1804 in Georgia that the holiday attained legal status.

EVENTUALLY with the arrival of more settlers and the rise of non-denominational concerns, even New Englanders relaxed. By the time Washington crossed the Delaware on Christmas Eve of 1776, those sentiments, first published in the Virginia Gazette 10 years before, probably re-

vealed in most American households:

A "CHRISTMAS" VICTORY

It was German Catholics who were largely responsible for bringing the tree and other rituals of "Christmas" to America during the great German migrations of the 1800's.

However, the first real "German" celebration of Christmas in America was by Hessian soldiers hired out to the British to help put down those "possy American rebels."

That first German "Christmas" was celebrated at Trenton, New Jersey in December of 1776.

On Christmas eve, while the Germans were celebrating themselves into a drunken stupor, General George Washington, John Sullivan, Nathanael Greene, Henry Knox, James Monroe, and several thousand other Colonial Patriots who did not celebrate Christmas, crossed the Delaware River in the freezing night, marched 9 miles to Trenton, and at dawn on Christmas day overpowered and captured the bleary, Christmas-morn Hessian garrison.

The victory sent a shock wave of hope through the American Colonies. Disregarding Christmas had brought the free men of America a much needed victory.

veiled in most American households:

"Now Christmas comes, 'tis fit that we

"Should feast and sing and merry be;

"Keep open house, let fiddlers play,

"A fig for cold, sing care away;

"And may they who thereof repine,

"On brown bread and small beer dine."

The AP writer implies all Colonists were celebrating Christmas by the time of the War for Independence. However, see the article below with information gleaned from the American Heritage Book of the Revolution.

PURITANS who tried to kill Christmas were engaged places in working houses on the basis of social morals.

The Law That Banned Christmas For 22 Years

By THE REV. WERN GARRISON

Radical Protestant churches once tried to kill Christmas in the 17th Century by outlawing its celebration on both sides of the Atlantic.

To them the holiday was a popish (Catholic) irreverence at best, a work of Satan at worst.

But the law proved highly unpopular with both Catholics and Protestants because most people—regardless of their religion—preferred a day of merry-making, feasting and gift-giving to one of work.

Pro-Christmas riots rocked England in 1687 and 1689 before the country's holiday ban was repealed. But in Massachusetts—a stronghold of radical Puritanism—the authorities had less trouble enforcing an anti-Christmas law, which stayed in force for 22 years.

As quick as the Puritans as "real Americans" would church historians D.D. Depueux. "But actually they were a cantankerous group of fervent believers who had little or no tolerance for persons with different opinions."

Highest on any good Puritan's list of unfavorable items was anything that smacked of Roman Catholicism. And hadn't Catholics, after all, celebrated Christmas for centuries?

The day called "Christmas," said Puritan Robert Brown,

really means Christ-Mass.

In Massachusetts, William Bradford, second governor of the Plymouth Bay Colony, was recorded as telling his officers: "We must take the sternest measures against this popish day."

The December 25 of 1629, the first spent in the New World by the Mayflower Pilgrims, was spent felling trees "in order to avoid any feasts on the day sometimes called Christmas."

In England, that mother country, an anti-Christmas law went into effect in 1643, when Puritan forces gained control of Parliament. Widespread discontent with the ban forced the lawmakers to issue yearly proclamations of remission until the law was repealed 12 years later.

Then on May 11, 1660, in Massachusetts, the colonial legislature passed its anti-holiday law, reading: "Whosoever shall be found observing any such day as Christmas shall pay for every offense five shillings."

The law's preamble explained its purpose was "for preventing disorders . . . (by) observing such festivals as were superstitiously kept in other countries to the great dishonor of God and the offense of others."

The law remained in force until 1682 when King Charles II and his royal commissioners forced its repeal.

How Holy Is Christmas?

Did you know that the first Christmas tree erected in a church in the United States in 1851 shocked its Cleveland congregation? It was considered *too heathenish*. History also records that some early American Puritans even forbade the observance of Christmas as a holiday. Perhaps those Puritans were familiar with a passage of Scripture found in Jeremiah: "For the customs of the people are vain: for one cutteth a tree out of the forest, the work of the hands of the workman, with the axe. They deck it with silver and with gold: they fasten it with nails and with hyssop. That it move not. They are upright as the palm tree: but speak not: they must needs be silent, because they cannot go: they are about of them: for they cannot do evil, neither also is it in them to prosper." Jeremiah 10:1-5.

There are many unanswered questions about the celebration of Christmas since it is not mentioned once in The Bible. So, perhaps this year—more than ever before—we should seek its sources as we know Christmas, once considered by Christians to be a pagan holiday, has become so holy.
